Subscriptions by mail must be paid in advance.

TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

Entered at the Postoffice in Tonopah as second class matter.

No advertising cuts, one inch square or smaller, will be accepted unless made of metal. No wood base cuts of this size will be used. Wood cuts are dangerous to forms and press.

RELIABILITY.

The reliability of the evening paper is again established, especially so with regard to printing the silver quotations of the day. It has been noticed that the quotations as printed in the Bonanza each morning, appear without change in the evening sheet. Yesterday, for instance, the Bonanza's silver quotation was 53 3-8. That same price was quoted in the evening paper. However, silver jumped to 53 3-4, as this issue shows. It is dollars, to doughnuts that 53 3-4 will be the price this evening, notwithstanding any change that may take place, but the true report will be in the issue of tomorrow morning.

We do not wish this article to be taken as a criticism on the reliability of the sheet in question, but we object to paying for press service and have it boldly stolen from us without the proper credit. The management of the paper should change their quotation to read as follows: "Metal quotation, as received by the Tonopah Bonanza, the only paper in this city receiving press dispatches, silver 53 3-4." Then it wouldn't be a rank steal and the true state of affairs would be known.

DISTRICTS ON THE OUTSIDE ARE GETTING BUSY

LARGE NUMBER OF LOCATIONS SENT HERE FOR RECORDING.

A great deal of activity is on in the Round Mountain and Fairplay mining districts, according to the number of location notices sent to County Recorder Puddy Grimes. The notices from Round Mountain are sent in by M. J. McVeigh, district recorder for that section, while A. C. Gardner, is performing like labor in the Fairplay district. This district is situated near Goldyke, and recent arrivals state that the section is fairly swarming with prospectors and miners. A number of good properties are being opened up, and appearances indicate that the place is on the verge of a legitimate boom. The same can be said of Round Mountain, for there is very little ground that has not been located, and on most of the claims active work is under way.

HIGH PRIEST OF ROYAL ARCH MASONS HERE TONIGHT

IS ACCOMPANIED TO GOLDFIELD BY DELEGATION OF TONOPAH MASONS.

J. C. Doughty, of Elko, grand highpriest of the Royal Arch chapter of Masonry, passed through Tonopah on yesterday's southbound train, en route to Goldfield, and accompanied by George Gilson, past grand master of the Masonic grand lodge for the state of Nevada. Both gentlemen attended the Goldfield Masonic lodge last evening, and tonight will visit the Tonopah lodge. Quite a delegation of local Masons journeyed to the southern city to participate in the meeting last night, among them being H. C. Schmidt and Joe Norris, who accompanied the visitors on the train, and P. S. Booth, Frank Sellstrom, W. I. Bray, J. A. Stewart, Ed Stone, Frank Woodward and R. T. Harris, who made the trip by auto, returning at an early hour this morning.

CHALLENGE ISSUED TO UNKNOWN PARTY

In the challenge as issued in yesterday morning's Bonanza, the name of the party challenged by Slick Merrill was given as Bob White. This was erroneous, as the name should have been Bob Stone.

TONOPAH MEN ARE INTERESTED IN OIL FIELDS

SULPHUR DISTRICT, IN EASTERN PART OF STATE, IS ATTRACTIVE FIELD.

A large number of Tonopah people have become interested in the new oil fields at Sulphur, sixty miles east of Winnemucca, and the reports received here are of a glowing character. Already one well is flowing and a number of others are being rapidly sunk, while others are only awaiting the arrival of machinery before starting sinking. Among the Tonopahites who have secured an interest in the district are Dunk McCrimmon, Bill Trew, J. G. Ford, J. E. Smith, J. A. Clawson, A. Gaudette, J. A. Sanders, H. A. McKim, Martin Johnson, M. E. Harding, R. A. Haviland, A. A. Frevert, J. N. Beaufert, Henry J. Seitz, J. J. Stenuff, Puddy Grimes, Frank L. Sellstrom, Lars A. Amundson, J. C. Tognini, John F. Davidson, Irving Macdonald, Thomas J. Lynch, Sam W. Bostwick, H. T. Kutzkau, W. W. Booth and M. Mich.

ARBOR DAY IS OBSERVED BY TONOPAH

SCHOOL CHILDREN OBSERVE OCCASION BY PLANTING FLOWERS.

Arbor day was observed yesterday by a number of citizens who planted trees in an endeavor to beautify this neck of the desert. At all the schools in Tonopah the forenoon was observed by the students who participated in a clean-up fest, the grounds adjoining the school buildings being subjected to a thorough cleaning. In the afternoon the pupils spent the entire time in planting flower seeds. The flowers will be cultivated by the students, and it is expected that all kinds of nosegays will be in evidence before the summer vacation arrives. The only literary exercises were held by the eighth grade, which participated in an arithmetic examination. Needless to say this was thoroughly enjoyed by both students and teachers.

CHRISTIAN ENDEAVORERS.

The Christian Endeavorers will hold their meeting Sunday night at the Baptist church instead of the Presbyterian, as heretofore. All are cordially invited to attend the meeting.

RECEIVES SHIPMENT OF 1,500 BOXES OF BERRIES

Last evening the Southern Nevada Mercantile company received direct from southern California 100 crates of strawberries. Each crate contains fifteen baskets of berries, making the shipment total 1,500 baskets. Today they will be sold at the price of three baskets for 25 cents. With each purchase the firm will present the buyer with a brand new Lincoln penny, making the price for three boxes 24 cents. The pennies are regarded as a valuable souvenir as very few of the issue have made their way to the west as yet. But best of all, the berries are worth the price for they are large and delicious. Just the thing to make juicy short cake for Sunday's dinner.

ENLARGING PLANT AT MOUND HOUSE

The Nevada Gypsum company, which is managed by ex-Governor Adams, and operates at Mound House, has many improvements underway, which will aid greatly to the efficiency of the plant, and increase its output about double the present capacity. The big plant will have an addition built on, and two new mills will be added. The work on same having already been added.

At the mine where the gypsum is quarried, another crusher is being installed, so that the industry will be amply provided for at both the mining and milling end. Ground is also being cleared and the foundations set for a new lodging and boarding house.

This industry which is doing so much for Mound House and employing between forty and fifty men has been a big success from the start and that its business has outgrown its present quarters so that they must be increased to meet the demands of the trade, is a good sign for the upbuilding of a flourishing little town at the junction of two railroads. It is said that the company has averaged four or five cars a day in shipments for a long time and the present move to double the producing end of the business does not indicate any cessation of operations.

DIVORCE COLONY BARRED.

Hereafter no member of the local divorce colony will be extended invitations to attend any of the social dances given by the sororities of the university. This appears to be the ultimatum issued by both the Delta Rho and Theta Epsilon sororities. The former aggregation of young ladies among the students gave one of their dances last Friday night and the new ruling prevailed to the letter. It is said that even one of the professors who is particularly friendly with one of the "colony" expressed a desire to escort that lady to the dance, but was notified that such privilege was denied him.—Reno Gazette.
